‘Aizu Shoku no Jin: Winter’ is starting!

あいつ食の陣・冬が始まります！

The theme ingredient from January to March is: ‘Aizu Chicken.’

What makes Aizu Chicken so special is its perfect bite and deep flavour. Because the chickens are raised free range, their meat grows to have the perfect balance of fat and tenderness. Aizu Chickens are raised for almost twice as long as typical Broiler meat chickens, therefore creating a more flavourful meat and tasty eggs.

Also, look forward to the next seasonal ingredient ‘Aizu Strawberries’ in February and March. These healthy fruits are sweeter and have more vitamin C, making them a great source of nutrients!

During the ‘Aizu Shoku no Jin: Winter’ period, more than 64 restaurants/accommodations will be selling or serving dishes featuring Aizu Chicken and Aizu Strawberries. Why not take this opportunity to enjoy these nutrient-rich seasonal flavours?

For more information, check out the official Aizu Shoku no Jin website (<https://aizu-shokuno-jin.jp>)
