Information about COVID-19

新型コロナウイルス感染症に関するお知らせ

<Answers to Frequently Asked Questions about COVID-19>

Q : Can people who have caught COVID-19 get the vaccine?

A : Once your quarantine has ended, symptoms are gone and you are back to good health, you can get vaccinated. If you are unsure about getting the vaccine at this time, please consult your healthcare provider or a vaccine administering doctor. There is a necessary waiting period after recovering from even a light case of COVID-19.

Q : What are the most up-to-date symptoms of COVID-19?

A : The main symptoms are; fever and cough, as well as sore throat, headache, joint pain, diarrhea/stomach pain, etc. Additionally, symptoms and after-effects from a COVID-19 infection may last for an extended period of time, also known as 'long COVID.' It is known that you can lessen your chance of developing long-lasting symptoms by getting vaccinated. If your symptoms are persistent, please consult a healthcare professional.

Q : COVID-19 will be downgraded to a Class 5 infection. What will change?

A : Being reclassified as a Class 5 infection does not mean that COVID-19 is less infectious. There will be more information coming from the Government as to how various agencies, such as governments, hospitals, outpatient facilities, nursing homes, etc. will have to handle the situation. It is important for us all to listen to the information given to us by official sources and act according to those directions in order to lessen the spread of infection.

< From March 13th (Mon) Mask Wearing Practices May Change >

Until now, mask-wearing indoors has been recommended. However, starting from March 13th, the decision to wear a mask will be left up to the individual. While mask wearing will no longer be required, it is still recommended.

～ When to continue wearing masks (recommended) ～

● While visiting the doctor/clinic, care/nursing homes and other medical facilities

● While riding crowded trains or busses

▶ **Please remember**...Some people may continue to wear masks, and others may not. Remember to be kind, understanding and respectful of people's personal choices.

< To Protect Yourself from Infection >

The following high-risk groups should continue to wear masks in crowded places to lessen the risk of infection:

▶ **High-risk groups**...◎ the elderly ◎ people with underlying conditions ◎ pregnant people

< What if you have symptoms etc...? >

Those who have symptoms, have tested positive for COVID-19, or live with someone who has tested positive for COVID-19, should stay home. If you must go out, please wear a mask, and try to avoid contact with others as much as possible.

< Please Continue Keeping Yourself Safe >

Avoid the 'Three Cs:' closed spaces, crowded places, and close contact situations. Continuing to wash and disinfect your hands, as well as good ventilation will continue to lessen the spread of infection

Aizu Shoku no Jin - Winter

あいづ食の陣・冬

We would like to announce a restaurant participating in this year's Aizu Shoku no Jin. This year's theme ingredient is "Aizu Chicken."

【 Toro~ri Kashiwa Don 】

“ Tonkatsu Tontei ”

Traditional Aizu Sauce-katsu restaurant ‘Tonkatsu Tontei’ is offering a special Shoku no Jin: Winter dish, using Aizu Chicken thigh meat, and eggs to make their lavish ‘toro~ri kashiwa don.’ Owner, Kanome Shigeru says “There’s no way about it, Aizu Chicken is just delicious. The meat itself has a fantastic bite, and the eggs have such a richness to them.” This combination is superb; the meat is bursting with flavour that gets better and better and the eggs are cooked to soft perfection with sweet-ish broth. This masterpiece highlights the exquisite flavour of Aizu Chicken. Because this dish is an Aizu Shoku no Jin: Winter menu item, it’s only here for a limited time. “There are some regular customers that look forward to this season specifically for this dish. Even for me, this dish is special. I’d love it if you’d try it, gain a little bit of joy from the experience and let out your own ‘now that’s good’” Mr. Kanome told us with a smile.
